3405 Mission Drive, Santa Cruz

Listed at \$769,000

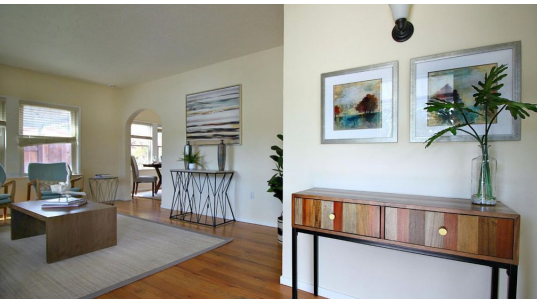

Lovely Spanish style home with skylights, wooden floors, beautiful windows, archways, an oasis with an outdoor fountain and stamped concrete, large storage shed, extra back room, and many other features. It's in a central Santa Cruz location-close (but not too close) to the highway, 5-minute jog to hiking trails and 10 minutes from the beach. The home is connected with the highly desirable Santa Cruz Gardens elementary school. And in the last year and a half, it's been rewired and partially replumbed (including a new tankless water heater). It's fruit trees are lush with lemons, plums, pineapple guavas, apriums, loquats, olives, and passionfruits. Adjacent to the house is perfect for a hot tub.
